

MANAGING SAFELY

“Every manager needs an understanding of their safety and health responsibilities”

At IOSH we know that the best way to achieve safety and health training success is to get people fully involved, having fun and learning by doing. We want to get delegates really thinking about what they're learning and having the confidence and enthusiasm to put it into practice when they are back at work – so that everyone notices the difference.

Managing Safely is unlike any other course.

You'll find a practical programme, full of step-by-step guidance and a sharp business focus. You will also find that the highly innovative format and content engages and inspires your staff – critical to getting safety and health embedded across the whole organisation.

MANAGING SAFELY

Who is Managing Safely for? – Managing Safely is designed for managers and supervisors in any sector and any organisation worldwide. They won't suddenly become safety experts, but they will get up-to-speed on the practical actions they need to take and gain the knowledge and tools to tackle the safety and health issues they are responsible for. Importantly Managing Safely makes a powerful case for safety and health being an integral part of day-to-day- management and business

What does the business get?

- Peace of mind from training that's designed and quality-controlled by the Chartered body for safety and health professionals – IOSH
- Flexibility – the programme can be delivered flexibly so that it suits your business
- Efficient and effective learning – health, safety and environmental basics are covered in a single programme
- Globally recognised, respected and certificated training for your managers and supervisors

Memorable and thought-provoking facts and case studies from across the globe help drive the points home over the whole course. Each module is backed by crystal-clear examples and recognisable scenarios and summaries reinforce the key learning points.

Modules of the course listed below.

Successful delegates are awarded an IOSH MANAGING SAFELY certificate
